

# Modern Signatures Made Simple with Docubee for Agency Software

Docubee lets independent insurance agencies and their users complete signatures up to **80% faster**. User-friendly, secure, and seamlessly integrated into Agency Software.

## Why Insurance Agencies Choose Docubee

Docubee improves profitability, productivity, and customer experience for independent insurance agencies.

### Eliminate Manual Tasks

Digitize and automate all document tasks instantly to expedite tasks, decrease human error, and enhance accuracy. No printing, scanning, or chasing PDFs.

### Dedicated, Reliable Support

Expert onboarding, training, and continuous support from experts who understand insurance workflows.

### Cut Signature Turnaround Time to Minutes

Enable same-day policy binding with a frictionless, mobile-first experience that allows policyholders to sign from any device quickly.

### Enhanced Compliance & Security

Built-in ESIGN and UETA compliance, immutable audit trails, and SOC 2 Type II certified data security reduce regulatory risks.

### Unlimited Usage for Predictable Costs

Significantly reduce overhead expenses on document handling, storage, and administrative tasks with predictable, overage-free pricing.

### Seamless Integration

Automatically sync documents and audit trails directly into Agency Software. No more manual uploads.
